1. Flow, flow, finish what I have before you, on your plate; mastery comes—masterminding comes whose masters are Mine, Mine, with Me at their core; master minds consecrated, relegated to no one by anyone or anything—masters in Me, disciple-makers all, questing for obedience and fearing Me greatly—so much wisdom. They come, they come, they come.

2. And Ted, they don't sit on sidelines watching, intimidated. They make things happen. They initiate, as you have asked for initiators—people who will act, take action, and make things happen, exercising leadership of My Spirit, Me, in wisdom and skill.

3. They come—initiators of Me, leadership in Me, of Me, for this, for you, for Me before you—come now to initiate the boldest venture in years many, for Me—My schools, My schools of healing that come through My schools of freedom which comes through prayer, prayer, prayer, freedom, intimacy.

4. Fear of failure not—fear Me only—and opportunity grasp before you—grasped only in humility and consecration and Ted, purity, all on love, in love, through love, by love—personified Me.

5. Initiate and complete and fearful be not.
Ferociously continue to complete and be sidetracked not.
Fear only Me and fall forward into Me, My arms, My intimacy, more and more and more.

6. I am, I come, I confirm I am—I am, I am, I am, I am, and I am is writing and speaking and calling forth and confirming, and I am confirming as I did with Abraham, Melchizedek, Me—I confirm as I swear by Myself, I am, and I am says they all will watch Me as I interconnect the interexchanges of My heart throughout My body, on My blood, fearing only Me and no man or circumstance or institution or organization.

7. No army of artillery scares Me and no weapon formed against Me will prosper—oh Ted, slight momentary delays, but no prospering will the evil doers do.

8. I come now to connect and confirm and initiate and confirm and create My schools of schools across schooldom, across My continents all, to arise My body and, you lead, I lead, My giants of consecrated creativity lead, who you embrace as I embrace them and they embrace you and what I am doing new.

9. Initiators—leaders.
Initiators—leaders.
Initiators—leaders.
Thank you Ted.

10. Leadership pours forth now at My hand from My hand into what I want done—bringing forth My technology, worship, commerce, educated by My value system, immersed in My value system, unbuyable by any person for money, but in consecration of surrender, in surrender of consecration, founded on and funded in purity, purity, purity—focused, determined, delineated, delimited, boundary-ed in wisdom—purity.

I love you, I love you, I love you so.

11. **Feel My love and My consecration to you My beloved, My consecrated, My leaders of Me arising now. Think not you can sit on sidelines any longer and wait to be asked. I am asking now—you—now—stand, speak, initiate and let not opportunity pass to stead now.**

12. **Stand now, participate now, initiate, initiate, lead, lead, lead and call and write and connect and inquire and confirm Me in this and what I've placed in your hearts to do—you all—and you know who you are.**

13. No burden do I bring you in this message to you today—only freedom of your soulish soul, freedom of your rejuvenated spirit, knowledge of what I will do with the consecrated spirit/soul who will now arise and lead and be defeated not by a thinker/mind that cannot connect every dot and see income and formation and transformation visible.

14. But see it all first, now, in Me, arising, out of My ground, all over My world, groundswell in Me, from My earth, from My bosomed-ones who have laid on My chest and sought Me and made love only to Me, in only My spirit, interchange of hearts and values and Me becoming Me in you, totally setting you free.

15. You, you I call, you bosomed-leadershipped-ones who now hesitate to mistake avoid in timing and sight and vision and pondering. Now arise in leadership and leadership and leadership of Me arise. Arise I command you this day—for fullness and freedom to you and many who follow.

16. Land, buildings, provision, patents, trademarks, mastery of skill-makers who in My bosom have laid—patient, patient, patiently waiting and letting Me be Me in fullness—arising My beloved when I say arise.

17. Arise now this day—commune and communicate and collaborate and action take in leadership to fulfill your dream, taking your place in My schema, My schema, My plan, My panorama of now—events orchestrated by Me, My Father, Me following and leading and you doing likewise. All, all, all of you know who you are.

18. Let no man stop you. Let no fear stop you.

19. Commune, communicate, collaborate and share all I have given you with My way-makers as you make way for My body to open to Me in magnanimous freedom, empowered by what you will do, for them, in what you've become, in Me.

20. I love you. I arise My all. Initiate, lead.
21. My leaders—lead, lead now.
22. Lead—you've sought, you've waited, now arise and lead, lead, and set My leadership free in My teens and My tourists and My try-ers in Me.

23. I love you—lead, today, phone call, write, act, commune, and create My creations in Me that all will know and be touched thereby.

24. I love you. Arise.
I thank you—confidenced—now significanced.
Confidenced you are—now significanced.
Confidenced you are—have been.
Go arise into your life's significance.
Arise.

I thank you.

I thank you.
